

Multi-Digit Addition and Subtraction

Grade 4 • MATH • Adding and subtracting multi-digit whole numbers to 1,000,000 with regrouping •
Standards: 4.NBT.B.4

Solve each problem by lining up the place values carefully. Remember to regroup when needed, and check your work!

1. $345 + 212 =$

2. $678 - 234 =$

3. $1,456 + 3,321 =$

4. $5,892 - 1,670 =$

5. $12,847 + 6,125 =$

6. $23,456 - 12,234 =$

7. $34,678 + 28,945 =$

8. $56,821 - 39,467 =$

9. $145,678 + 82,456 =$

10. $234,901 - 78,645 =$

11. $367,829 + 154,783 =$

12. $500,000 - 234,567 =$

13. $456,789 + 287,654 =$

14. $712,345 - 468,978 =$

15. $834,567 + 98,876 =$

16. $900,000 - 567,849 =$

Answer Key — Multi-Digit Addition and Subtraction

For the teacher / parent. Do not distribute with the worksheet.

1. 557
2. 444
3. 4,777
4. 4,222
5. 18,972
6. 11,222
7. 63,623
8. 17,354
9. 228,134
10. 156,256
11. 522,612
12. 265,433
13. 744,443
14. 243,367
15. 933,443
16. 332,151
