

Using the Five Senses

Grade 1 • SCIENCE • Students identify which of the five senses can be used to observe and describe familiar objects. • Standards: 4-LS1-1

Read each question and write which sense you use. The five senses are: sight, hearing, smell, taste, and touch.

1. You see a red apple. Which sense did you use?
2. You hear a dog bark. Which sense did you use?
3. You feel that a rock is hard. Which sense did you use?
4. You smell fresh bread baking. Which sense did you use?
5. You taste a sweet strawberry. Which sense did you use?
6. A ball is round and blue. Which sense tells you it is blue?
7. A bell rings loudly. Which sense tells you it is loud?
8. A pillow feels soft and fluffy. Which sense tells you it is soft?
9. Fresh flowers have a nice smell. Which sense tells you about the smell?
10. Lemon juice tastes sour. Which sense tells you it is sour?
